

# How to Help With Math

---

- Check Ms. Stilts' website, [www.pstiltsmath.weebly.com](http://www.pstiltsmath.weebly.com), for homework logs, worksheets, help videos, and other resources.
- The textbook resources are also available online. Follow the link on Ms. Stilts' website.
- Be sure to track your student's grade on Power School.
- Check for emails from Ms. Stilts about upcoming tests and assignments.
- Look over your child's homework and check that work is shown for each problem.
- Encourage your student to correct every test and quiz. This boosts grades significantly.
- If you know a different way to solve a problem, that's fantastic! I love multiple perspectives and problem solving approaches!
- Encourage your child to persevere. Learning to work through difficult situations is an important life skill.
- Call or email me any time you have questions or concerns. **I am here to help your child succeed.**

## Tutorial Websites

### Kahn Academy ([www.khanacademy.com](http://www.khanacademy.com))

Join my class at Khan Academy! This is completely FREE learning site. Students can complete missions as they master skills. By joining my class, I can monitor student progress. **My class code is U9M5HH.**

### How to join your teacher's Khan Academy class

1. Sign up at [khanacademy.org](http://khanacademy.org) (or log in if you already have an account).
2. Visit [khanacademy.org/coaches](http://khanacademy.org/coaches) (the "Coaches" tab in your profile).
3. In the "Add a coach" field, enter the class code.  
Class code: **U9M5HH**
4. You're set. Now click **Home** to start learning!

### AdaptedMind Math ([www.adaptedmindmath.com](http://www.adaptedmindmath.com))

This is another fantastic learning program. This site offers a free month trial membership. The cost is \$9.95 per month thereafter.

### Brian Pop ([www.brainpop.com](http://www.brainpop.com))

Arbor Park has purchased access to this web based program for each student. All students have their login information. They can explore any lesson without it being assigned by a teacher.

### Websites for math practice worksheets

Both of the websites below offer free printable worksheets with answer keys.

[www.mathdrills.com](http://www.mathdrills.com)

[www.commoncoresheets.com](http://www.commoncoresheets.com)
